EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Anthony Bisulca on August 18, 2005.

The application has been amended as follows:

Claim 1, line 6, delete "unsubstituted" and insert -substituted-.

Claim 10, line 5, delete "unsubstituted" (second occurrence) and insert -substituted-.

Claim 12,

line 3, delete "and R⁶ are" and insert -is-;

line 5, delete "unsubstituted" (second occurrence) and insert -substituted-.

Cancel claims 13 and 14.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the prior art of record does not anticipate or render obvious the claimed diketopyrrolopyrrole compounds of the formula (I), process for the preparation thereof or method of pigmenting high molecular mass organic materials therewith or the intermediate compounds of the formula (IV) and (V). Diketopyrrolopyrrole compounds which have benzimidazole substituents are generically disclosed in U.S. Patent 4,931,566 and European Patents 94911 and 133156. However, these references do not specifically disclose the claimed compounds of the formula (I) wherein at least one of R^1 - R^4 is a substituted or unsubstituted phenyl radical. The references provide no motivation to modify the compounds disclosed therein to arrive at the claimed compounds.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
